Re: Letter of Recommendation

Dear Madam/Sir,

It is with great pleasure that I write this letter in support of Ms. Eman Hashim, a recent graduate of Admas University in Computer Sciences. I have known Ms. Eman Hashim about three years as a student at Admas University.

Ms. Eman Hashim was one of the most dedicated and hard work Students, while she has taken the “object oriented programming” and “advanced programming with java” course that I offered. I had the pleasure of being her advisor for the class and group project in which she actively participate and engage in different tasks .

Besides the proffered professional qualities, Ms. Eman Hashim is humble, reliable, and very easy to work with; and adapts very quickly to changing circumstances. Her excellent communication skills place her in good stead in this regard.

I am confident that she will discharge her responsibilities to the maximum satisfaction of her supervisors and colleagues. It is with great pleasure, and without the slightest doubt, that I recommend Ms. Eman Hashim to the post she is applying for.

Kind regards

Getnet korassa (M.Sc in computer science)
